Daini Eades

UX/UI/Product Designer

Last Updated: Feb 11, 2021

WORK EXPERIENCE

Oct. 2020 – Present

Lead User Experience and Interface Designer

Productified | *Remote, San Diego, CA*

- Designing a browser-based application using a mobile-first approach.
- Meeting 3+ times a week with the project manager, developers, or stakeholders in creating interfaces that align with the customer needs, user behaviors, and project requirements.
- Independently creating a design system with 100+ components and styles, high fidelity mock-ups, and prototypes for 50+ screens in Figma.
- Leading 3 other UX/UI designers by delegating tasks, facilitating design review recessions, and planning usability testings.

Aug. 2020 – Oct. 2020

User Experience Designer

Benten Technology | *Remote, Manassas VA*

- Lead the user experience design to launch the new mobile app that helps clinicians measure patients' acute pain.
- Recruited, conducted, and synthesized 5 user interviews with medical professionals.
- Created a design system with 60+ components and styles, 50+ sketches, high fidelity mock-ups, and interactive prototypes in Figma.
- Presented and explained design decisions to the project manager and executive team twice a week.

Jan. 2020 – Oct. 2020

UX/UI Designer Apprentice

Springboard | *Remote*

- Completed 4 end-to-end projects independently, including mobile apps, websites, and design sprints from ideation to execution.
- Conducted, synthesized, and presented 20+ user research and usability testings.
- Designed and iterated 200+ sketches, wireframes, high-fidelity mock-ups, and prototypes in Sketch, Figma, and Adobe XD.
- Presented designs to and received feedback from a mentor weekly.

Jan. 2019 – Present

Graphic Designer

Chinese Language Department, Wheaton College | *Wheaton, IL*

- Directing the visual designs for the 400-page Chinese and English bilingual textbook and workbook that aims to engage the students' learning.
- Designing and creating the layouts for the book project using color theory, typography, and composition in Adobe InDesign.
- Illustrating 20+ graphics that fit the client's needs, integrating Chinese and modern western elements.
- Proofreading the content and modifying based on student feedback.
